

ANNUAL COMMUNITY REPORT **2017**

bcicf.ca

MESSAGE FROM THE BOARD PRESIDENT

It was 33 years ago that a few citizens of Kamloops and area had the vision to start a Community Foundation. From the initial \$2,500 donation to the Kamloops Foundation, now known as the BC Interior Foundation, our pool of Funds has grown to 200 individual Funds. The principal value of these Funds, under our administration, has grown to nearly 8 million dollars. This principal value can never be touched so that it is only the annual income that is generated from these funds that is available for distribution according to the intent of these Funds. For the first time in 2017 we have reached an income level of over \$450,000.00 that is available for granting in 2018 according to the intents of the Deeds that the Foundation administers on behalf of our valued Fund holders and donors.

It is so rewarding when we visit with the grant recipients to give them their grants to see the delight on their faces because of the impact the money from the Foundation will have on their programs. These might be grants of \$100 up to \$40,000. There are many charitable organizations that have started their own Funds with the Foundation so that they will receive a stable source of income that they can count on receiving year after year.

The real success of any of the 200 Community Foundations across Canada is because of the generous citizens and companies that believe in creating or adding to endowment funds so that the money donated will continue to give back to the community for the years to come. This could be to support charities, service organizations or our youth so they can further their education by way of scholarships and bursaries for them to further their education.

As the BC Interior Community Foundation grows it is able to help our citizens be they in Lillooet, Lytton, Ashcroft, Cache Creek, 70 Mile House, Clinton, Logan Lake, Merritt, v Chase, Barriere, Clearwater, Sun Peaks or Kamloops. Many of these communities have their own Funds with the Foundation. Certainly, organizations in these communities are welcome to send in a grant application by the April 1st or October 1st deadline each year.

A 'Special Thank You' to all our donors that continue to support the excellent work that the Foundation does throughout the Nicola, South Cariboo and Thompson regions.

Hugh Fallis, President, 2017

Darlene Iadarola - Director

Lori Pilon - Director

Sheryl Lindquist - Director

Chris LeClair - Director

Rob Lemire - Director

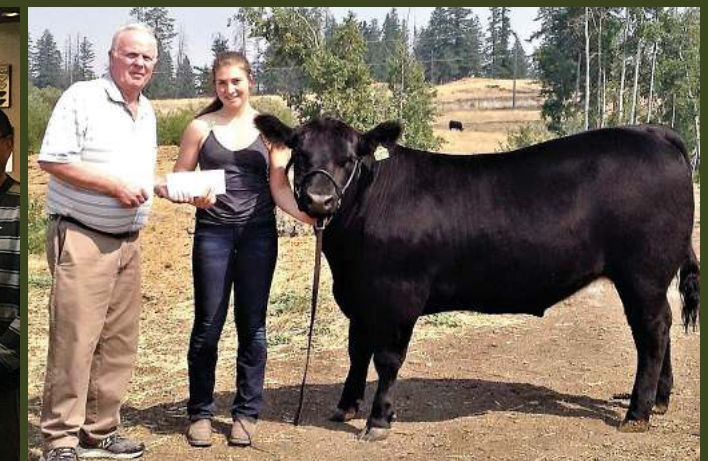

Matt Livingston - Director

Greg Peace - Director

Randy Haw - Director

COMMUNITY PARTNERS

"Thank you for the recent gift received from the Dr. David Stewart Legacy Fund... This donation will be used to help fund priority equipment and programs at RIH where patients from throughout our region receive compassionate, high quality care. This gift helps us ensure that the medical team and doctors have the tools they need to diagnose and treat patients to the best of their ability"
 - Heidi Coleman, CEO RIH Foundation

"School District #73 (Kamloops / Thompson) would like to extend our sincerest gratitude for your financial support of the Sexual Orientation and Gender Identity Program (SOGI) Pilot Program. Thanks to your support, students within the District are able to participate in more inclusive classrooms and school cultures. It has been incredible to see the positive effect across our District"
 - Trish Smillie, Director of Student Support Services

"It is great working with the BC Interior Foundation, both in my role with the Kamloops Brain Injury Association, and with the provincial Brain Injury Association. These folks take the long term view and they know that you need to be professional to build up trust in handling donated funds. Having seen them in action, I know they are serious about taking proper care of the funds and thoughtful about how to distribute them to the community."
 - David Johnson - Executive Director, Kamloops Brain Injury Association

"The Kamloops and District SPCA is very grateful for the donation...towards the new building. It is so needed and the staff and animals we support are very appreciative of your support!!

The BC SPCA does not receive funding from the federal or provincial government for our programming or services, so the animals are entirely dependent on the generosity of supporters like BC Interior Community Foundation and your donors. Thanks to your incredible compassion, we are able to care for tens of thousands of animals across the province each year.

On behalf of all of us at the BC SPCA, I would like to thank you for BC Interior Community Foundation's generous gift in support of the new building in Kamloops, made through The Bostock and Fallis Families of Monte Creek Heritage Fund."
 - Stephanie Trimble, Manager, Philanthropy and Lisa Fuller, Manager of Community Development

"The Marjorie Willoughby Snowden Memorial Hospice Home would like to thank the BC Interior Community Foundation for the ongoing interest donation.

We are grateful that the Seniors Citizens Housing Society, Palliative Care continues to be an ongoing partner and significant supporter of our Hospice Home. Your ongoing donations supports the delivery of quality end-of-life services for our Patients and their Families.

We are proud to be one of the few free standing Hospice Homes in the province. On behalf of the patients who have passed through our doors and those we will support in the future, 'Thank You!'
 -Wendy Marlow, Executive Director

"Thank you for your wonderful support of the All-Inclusive Walkway Project. This project is an important step for the Turtle Valley Donkey Refuge to make sure that all people can enjoy the companionship of the Donkeys regardless of their abilities. We are grateful for the support of the BC Interior Community Foundation with this project that helps us provide even greater opportunities for therapeutic equine anthrozoological interaction, which is so important for the health of the Donkeys and the general public who come to visit them and learn more about animal welfare."

Pictured here is BC Interior Community Foundation Board Member Barbara Maher with Donkey Refuge Founder Shirley Mainprize and staff member Jamie Peacock, along with rescued Special Needs Donkey Bessie.

THE KIRSTEN FUND

This spring has brought many things full circle for me. Due to an unexpected medical incident I have learned to appreciate life and all the things that give us joy and pleasure. One of those things is the fact that I have an Endowment Fund with the BC Interior Community Foundation that will continue to assist the community for ever and ever.

In 2000, I was on the board of the Kamloops Foundation when it was suggested that Board members should create a Fund. After much thought I decided that I could help the community in two areas - palliative care and environmental education. Thus in 2004 I started The Kirsten Fund. My initial intention was to split the income generated by the Fund equally between the McQueen Lake Environmental Education Centre and the Kamloops Hospice Association.

In 2006, a fellow Board member, Carolyn Scarborough, passed away. She had an insurance policy naming the Foundation as the beneficiary with stipulations that the money should create a Fund in her name that would support sports and outdoor recreation.

In 2007, I realized that discretionary funds were of a greater benefit to the community than designated funds. Therefore, I requested that my Fund become a discretionary fund with the stipulation that the fund support charitable organizations in the areas of health and welfare as well as the environment and recreation.

In the spring of 2014 there was a Grant request from the Kamloops Thompson Trails Alliance for funding to build a trail around Isobel Lake that was accessible to the handicapped. This request fell into the parameters of what the Scarborough/Koslowski Recreation and Environment Fund and The Kirsten Fund would support. The Grant request was approved and funds were sent to the Kamloops Thompson Trails Alliance.

After much hard work and fundraising by the Alliance, the Foundation was pleased to receive an invitation to the official opening of the 'Special Trail' at Isobel Lake. On June 1st 2018, as I sat beside Isobel Lake waiting for the official opening of the trail, I listened to the birds singing and thought what a wonderful privilege it was to have a Fund with the BCICF. This was a magical moment in time to know that my Fund had been able to contribute to the completion of this trail so that handicapped people can enjoy what nature has to offer.

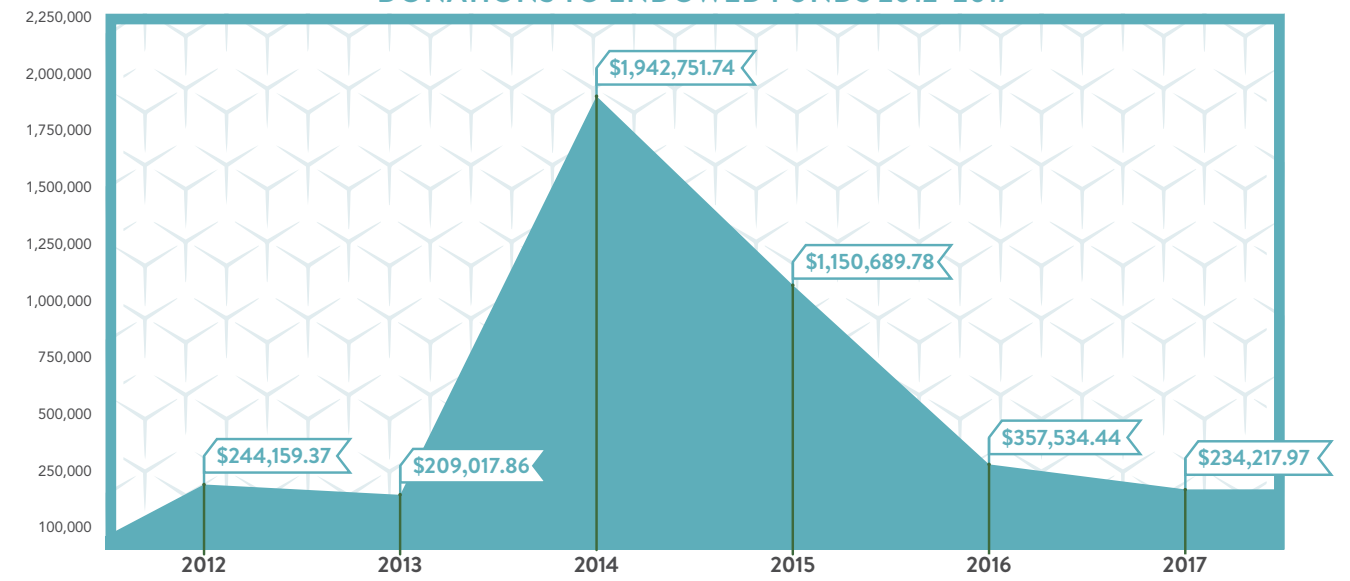

Each year I realize that my annual donation to my Fund gives me great joy knowing that I am contributing to the ongoing welfare of the community that I have grown to love over the last 50 years.

Kirsten McDougall (The Kirsten Fund)

AMOUNTS AVAILABLE FOR DISTRIBUTION 2012-2017

ENDOWED FUND VALUES 2012-2017

REPORT OF THE INDEPENDENT AUDITOR ON THE SUMMARY FINANCIAL STATEMENTS

To the Directors of B.C. Interior Community Foundation

The accompanying summary financial statements of B.C. Interior Community Foundation (the "Foundation"), which comprise the summary statement of financial position as at December 31, 2017 and the summary statements of operations and changes in net assets for the year then ended, are derived from the audited financial statements, prepared in accordance with Canadian accounting standards for not-for-profit organizations, of the Foundation as at and for the year ended December 31, 2017.

We expressed a qualified audit opinion on those financial statements in our auditors' report dated June 14, 2018 (see below).

The summary financial statements do not contain all the requirements of Canadian accounting standards for not-for-profit organizations applied in the preparation of the audited financial statements of the Foundation. Reading the summary financial statements, therefore, is not a substitute for reading the audited financial statements of the Foundation.

Management's Responsibility for the Summary Financial Statements

Management is responsible for the preparation of the summary financial statements in accordance with Canadian accounting standards for not-for-profit organizations.

Auditors' Responsibility

Our responsibility is to express an opinion on the summary financial statements based on our procedures, which were conducted in accordance with Canadian Auditing Standard (CAS) 810, "Engagements to Report on Summary Financial Statements."

Opinion

In our opinion, the summary financial statements derived from the audited financial statements of B.C. Interior Community Foundation as at and for the year ended December 31, 2017 are a fair summary of those financial statements, in accordance with Canadian accounting standards for not-for-profit organizations. However, the summary financial statements are qualified to the equivalent extent as the audited financial statements of the Foundation for the year ended December 31, 2017.

The qualification of the audited financial statements is described in our qualified audit opinion in our report dated June 14, 2018. Our qualified opinion is based on the fact that, in common with many charitable organizations, the Foundation derives revenue from donations and fundraising activities, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the Foundation. Therefore, we were not able to determine whether any adjustments might be necessary to donations or fundraising revenues and excess of revenues over expenses reported in the statement of cash flows, current assets and net assets reported in the statement of financial position.
